WEEKENDS

CHIEF EXECUTIVE OFFICER'S REPORT

Greetings.

In collating this report it was opportune to reflect on the corresponding reports prepared for the 2019 AGM. In that report, this CEO is quoted, "the next twelve months will again test us in a manner we have not been tested before". That prediction was offered long before the world had even considered a sniff could be diagnosed as anything more sinister than just that.

Indeed Season 2020 will be remembered as a year that has tested everyone - and not just in football. For the Adelaide Footy League, it ended as every other season, with Grand Finals being played, winning teams celebrating, losing teams commiserating.

This has been a year of extraordinary challenges and heart-breaking moments - starting with bushfires ravaging the country. By the time the last ember was extinguished, the worldwide pandemic we have come to know as COVID-19 changed our course as a collective.

It would be self-serving to suggest footy stood as the highest of priorities in 2020. When we consider the impact of what COVID-19 alone has delivered to our community, whether it be the virus itself, the collateral damage of higher unemployment, the strain on mental health or the basics of how we interact as a community in general, only then can we truly appreciate how far we've come.

But when we consider what did matter in our daily lives, we should allow ourselves to appreciate how footy offered some relief to those higher-level and broader challenges and how important it has been and will be to our recovery.

Three weeks from the start of the scheduled season, the League Executive and I naively developed a plan to delay the start of the season by two weeks to give COVID-19 time to pass. If only....

Then reality struck when we were formally informed all community sport was to be suspended until further notice. A fortnight off would have been a minor inconvenience. The days, weeks and months of uncertainty that followed forced a deep reflection. What is a footy league without a competition? What is a footy club without members and volunteers? What is a footy team without players?

Our Victorian counterparts went through the season with those questions painfully answered. There was no footy played, no footy clubs as they knew them and footy players were left idle. With no footy in 2020, those same community leagues and clubs are left with the new challenge of re-engaging with players, supporters and volunteers in 2021. Some will have either moved on to life without footy - or moved to other clubs and forged new friendships; and they won't be going back.

Our focus has been to transition as many clubs as possible through 2020 with a conservative approach to keep everyone on an even keel. This should allow a managed resurgence in the years to come. But we also need to be very cautious in allowing ourselves to believe we are over the worst of this pandemic. Even if we are beyond the biggest tests of COVID-19, a cautious approach is the responsible pathway going forward.

Staff were stood down and or placed on Annual Leave, State Footy was suspended, Calls Fees written down by \$150,000 and umpires accepted a 50% reduction in match fees all in the name to ensure our clubs came through 2020 without the financial burdens of participation in a year that no one knew how it would unfold.

It would be naïve to think footy at the community level in 2021 is going to be like it was in 2019. We accept or indeed hope it will not be like 2020, but it would be prudent to predict a long walk back to where the game once was.

It is a very sobering thought when we consider it nearly didn't happen. We find ourselves lucky enough to draw the curtain on an albeit shortened season and comparative to some, we're lucky enough to be able to consider it successful if for no other reason than we had the chance to play the game.

See you in 2021.

PRESIDENT'S REPORT

Rather than summarise my thoughts on a year such as 2020 and its inherent challenges I have opted to be more self-indulgent given I have resigned from the Board effective November 30th.

I have been continuously involved with my football club as a player, committee member, fundraiser, Treasurer and President for 45 years. For the last 12 of those I have also been involved with the League, initially as a club Delegate, then a Board member and for the last eight years as the President.

I've enjoyed my League role immensely, primarily as it demands objectivity in all discussions and decisions rather than the parochialism that often drives us at club level. But my reason for initially becoming involved with the League at Executive level was actually due to wanting a better outcome for my club and almost accidentally found some allies wanting the same for their clubs.

As allies, we formed a bond and supported by delegates set about implementing change that has seen our League become the envy of others Australia-wide. What we had learned from our own experiences as General Committee Members was that to implement change required the support of the General Committee. To foster that support required transparency as an Executive Management team and whilst we consider ourselves privileged to be appointed to Executive positions, the real strength lay in allowing the clubs that make up the General Committee a platform in which they could be heard.

It wasn't easy. We had to be very strategic and committed, and we had to agree on clear outcomes but always ensuring the best interests of our League were maintained.

The resultant Board, Management and staffing are almost exactly as you see them today with our CEO, staff and most of the current Board still involved. We've introduced a new Constitution, continually developed our already excellent Rules and Regulations and have significantly improved on and off field behaviour by introducing harsh penalties for those who try to spoil an otherwise great day out.

We've greatly increased our umpiring numbers, introduced videographers to all divisions and can boast a highly skilled and experienced group of people who sit on our tribunals.

We've also developed our Thebarton precinct, improved our working relationship with our council, partners and the SANFL, continuously negotiated better deals to minimise the financial impact on our clubs and, as one example of this, our sponsorship income is now five times what it was eight years ago to compliment League calls being reduced by 20%, whilst all other 3rd party charges have increased.

I could go on but most of you already know all of this and have enthusiastically supported us along the way, for which we are forever grateful.

At Executive meetings we often acknowledge the foresight and legacy gifted to us by those before us – the building in North Adelaide and move to Thebarton being two of the key components – and the need to ensure that we leave the League in a better state in every respect than that which we inherited.

Due to the strength of character, devotion and courage of those who have served on our Board in the last eight years, the commitment of John and his staff and the overwhelming support of our clubs, I can sincerely state that we have all placed the League in its strongest, most viable and financially secure position in its history. For that and allowing me to be involved at the level I have, I thank you all.

All the best for Christmas and the much anticipated New Year.

TREASURER'S REPORT

Well what a year it has been.

When we gathered at the AGM on the 29th February 2020, I did not foresee the COVID-19 pandemic that would jeopardise our season, within weeks.

The initial uncertainty caused by the pandemic was challenging, as we navigated the interests of the League and the wellbeing of our staff.

The League secured the available funding initiatives of the Federal Government and the State Government, which ultimately would support the League through to the end of the financial year. Many commercial partners pledged continued support to the League when there was a possibility of no season, which was greatly appreciated.

Financial forecast scenarios for the League were formed around no season and half a season. As the likelihood of a season improved, we explored the financial considerations we could offer to member clubs to assist starting a season and maximise club participation.

The League was able to extend savings to our member clubs exceeding \$250,000 and amend payment timings to aid club cashflow. This was achieved via a reduction in call fees, reduction in media levy, absorbing the Clubs SA membership fees and bushfire donation pledges.

The financial year trading result benefited from the strong attendance at the Adelaide Footy League Grand Finals although held away from Thebarton Oval and the various government support measures we received.

Our expenses included a \$20,000 donation to the South Australian Country Women's Association Emergency Aid Fund, to support our regional community's bushfire recovery efforts and we launched Adelaide Footy TV with the assistance of a new commercial partnership.

Financial Year Summary

- The year has resulted in a trading loss of \$25,420.
- This was achieved against The League's revised COVID -19 budget loss of \$45,814.
- The year saw lower revenue of \$1,037,884 and lower expenses of \$1,063,304.
- Our cash position increased to \$1,977,573 from \$1,870,762.
- Our investment portfolio after a number years of growth reduced in market value to \$262,146.
- The League's net asset position reduced to \$1,911,057 down from \$2,016,506.

In closing I wish to -:

Thank the members of the Executive Committee, Finance Sub-Committee, CEO John Kernahan, Finance Manager Ivana Lombardi, and external audit Peter Hinds for their support in managing the finances this year.

Acknowledge the goodwill of the League's umpires this season in offering a lower payment schedule to support our clubs and League.

Congratulate our Member Clubs and volunteers on navigating the challenges of this football season.

Season 2021 will present new challenges and opportunities, which I am satisfied The League is well positioned to meet and capitalise on for the benefit of our clubs.

1 Summary of Significant Accounting Policies

(a) Basis of preparation

This financial report is a special purpose financial report prepared for distribution to members in order to satisfy the financial reporting requirements of the *Associations Incorporation Act (SA) 1985*. The committee has determined that the South Australian Amateur Football League Inc ("League") is not a reporting entity.

The financial report has been prepared on an accruals basis, except for the statement of cashflows, and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following significant accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

(b) Income tax

The League is exempt from Income Tax under section 23g(iii) of the Income Tax Assessment Act.

(c) Revenue and other income

Revenue is measured at the fair value of the consideration received or receivable after. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest rate method, which for floating rate financial assets, is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Grant and donation income is recognised when the League obtains control over the funds which is generally at the time of receipt.

All revenue is stated net of the amount of goods and services tax (GST).

(d) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities up to twelve months.

(e) Inventories

Inventories consist of match equipment and general merchandise and are valued at the lower of cost and net realisable value.

1 Summary of Significant Accounting Policies

(f) Property, plant and equipment

The depreciable amount of all property, plant and equipment is depreciated over the useful lives of the assets to the association commencing from the time the asset is held ready for use.

(i) Leasehold improvements

Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated

Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the income and expenditure statement.

(g) Financial assets

Recognition

Investments are valued at their recoverable amount which is the quoted market value in the case of shares in listed companies and income is brought to account on an accrual basis. Expected net cash flows from investments have not been discounted to present value in determining recoverable amount.

(h) Impairment of non-financial assets

At the end of each reporting period, the League reviews the carrying values of its assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying value. Any excess of the asset's carrying value over its recoverable amount is expensed to the income and expenditure statement.

(i) Employee benefits

Provision is made for the League's liability for employee benefits arising from services rendered by employees to the end of the reporting year. Employee benefits have been measured at the amounts expected to be paid when the liability is settled.

The Long Service Leave provision was calculated for all employees at the rate of 1.3 weeks from service commitment.

South Australian Amateur Football League Inc

22 605 973 501

Notes to the Financial Statements

For the Year Ended 30 September 2020

1 Summary of Significant Accounting Policies

(j) Other liabilities

Fines provision

During the 2017 financial year the League determined that cashflows from fines received would be recognised as a liability with the funds to be spent in future years on programs for clubs within the League.

Insurance provision

During the 2017 financial year, revenue from insurance receipts was in excess of the insurance expense. The excess has been re-allocated to the insurance provision to be applied against future revenue raised for insurance from Clubs in the League.

(k) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense. Receivables and payables in the assets and liabilities statement are shown inclusive of GST.

Statement by the Executive Committee

The Executive Committee has determined that the League is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the Executive Committee the financial report as set out on pages 2 to 12:

1. Presents fairly the financial position of South Australian Amateur Football League Inc as at 30 September 2020 and its performance and cashflows for the year ended on that date.
2. At the date of this statement, there are reasonable grounds to believe that South Australian Amateur Football League Inc will be able to pay its debts as and when they fall due.

This statement is made in accordance with a resolution of the Executive Committee and is signed for and on behalf of the Executive Committee by:

Independent Audit Report to the members of South Australian Amateur Football League Inc

Report on the Audit of the Financial Report

Opinion

We have audited the accompanying financial report being a special purpose financial report, of South Australian Amateur Football League Inc (the "League"), which comprises the assets and liabilities statement as at 30 September 2020, the income and expenditure statement, statement of changes in equity and statement of cashflows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the statement by the executive committee.

In our opinion, the financial report presents fairly, in all material respects, the financial position of the League as at 30 September 2020, and its financial performance and its cash flows for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements, and the requirements of the *Associations Incorporation Act (SA) 1985*.

Basis of our Opinion

We conducted our audit in accordance with Australian Accounting Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the League in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's *APES 110 Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Report and Auditor's Report Thereon

The Executive Committee of the League are responsible for the other information. The other information obtained at the date of this auditor's report is included in the Report by the Executive Committee, but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed on the other information obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent Audit Report to the members of South Australian Amateur Football League Inc

Emphasis of Matter - Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist the League to meet the requirements of the *Associations Incorporation Act (SA) 1985*. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Executive Committee's Responsibility for the Financial Report

The executive committee of the League is responsible for the preparation and fair presentation of the financial report and has determined that the basis of preparation described in Note 1, is appropriate to meet the requirements of the *Associations Incorporation Act (SA) 1985* and is appropriate to meet the needs of the members. The executive committee's responsibility also includes such internal control as the executive committee determines is necessary to enable the preparation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the executive committee is responsible for assessing the League's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the executive committee either intend to liquidate the League or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibility for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Accounting Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis of opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion of the effectiveness of the League's internal control.

Independent Audit Report to the members of South Australian Amateur Football League Inc

Auditor's Responsibility for the Audit of the Financial Report (continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the executive committee.
- Conclude on the appropriateness of the executive committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the League's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the League to cease or continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the executive committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we may identify during our audit.

TRIBUNAL REPORT

The 2020 season will be remembered for the hard work of the Adelaide Footy League to get the season underway and completed.

Congratulations to John Kernahan and his staff for being able to adjust many times to make sure the competition happened.

The Tribunal this year was called upon to sit in judgement on only 50% of the weeks where games were played. The increase in games being videoed this season along with the MRP has seen the need for a Tribunal decrease.

The Tribunal is independent of the League and has very well credentialed members. We aim to give every player and/or club a fair hearing.

Our processes are working well with an appeal against a Tribunal decision being upheld.

The Tribunal will continue to stand united with the Board, making sure that the Adelaide Footy League is a safe haven for all who want to be involved.

Once again, I would like to thank the members of the Tribunal, the staff of the League and CEO John Kernahan, for their efforts and assistance with the Tribunal.

Tony Roach
Tribunal Chairman

UMPIRE REPORT

2020 has been a season like no other for the Adelaide Footy League and that was certainly the case for the umpiring fraternity.

Despite having no group training and agreeing to umpire for half payment, there were enough field umpires available to officiate in all games throughout the year (except a number of C7 games). There were also enough boundary and goal umpires to be appointed for the same amount of games as in the previous year. This is a testament to the dedication and commitment of the Adelaide Footy League umpiring panel.

The other challenge for umpiring appointments in 2020 was the move of all women's games to Saturday afternoons. While it made sense for the League to do this, it was thought that there might not be enough umpires available to fill all the appointments. Nevertheless, due to the willingness of many umpires to be appointed to more than one game in a day, there were enough umpires available throughout the season. Thank you to all of the umpires who went above and beyond in this regard.

One of the innovations brought on by COVID-19 was the introduction of weekly Zoom Meetings for field umpires. This worked well and the plan is to continue this in the future.

While most of the umpiring coaches were not engaged this year, there were a few key people who assisted in some important roles – Peter Angel (Umpires Coordinator), Greg von Einem (First Year Field Umpires Coach), Neil Rankine (Head Boundary Umpires Coach), Ray Roberts (Boundary Umpires Assistant Coach), Steve Chryssochoos (Head Goal Umpires Coach), John Kitto (Goal Umpires Assistant Coach), Sue Stevens (Trainer) and Tony Symons (Fitness Coach). Umpires Association President, Ian Gore, and his committee did an outstanding job of supporting the umpiring group even though there were very few opportunities to bring the group together during the year. Thank you to you all.

There were a number of umpires recognised at the end of season Presentation Dinner for their outstanding performances in 2020. Congratulations to the following – Anthony Wesley (Best Field Umpire), Joseph Colella (Best Boundary Umpire), Matthew Norton (Best Goal Umpire), Paul Ventura (Best First Year Field Umpire), James Haskard (Best First Year Boundary Umpire), Adrian Donaghey (Best First Year Goal Umpire), Robert Kane (Most Improved Field Umpire), Sam Scarman (Most Improved Boundary Umpire), Luke Terry (Most Improved Goal Umpire), David Aylward (Umpire Managers Award) and Sam Colella (Rex Lambert Award).

Furthermore, there were some significant achievements from experienced umpires, with 8 reaching 400 or more Adelaide Footy League games:

400 games – Jason Mounce, Greg Symons

500 games – Ron Field, Tony Laintoll, Peter McMullen

600 games – Ken Down, Mark Goodes

700 games – Doug Pritchard

On a very sad note, long-time goal umpire with the League, Peter Berkshire, who officiated in 573 Adelaide Footy League games, passed away from a heart attack recently while coaching cricket at Mitchell Park. Peter was a very respected member of the umpiring panel and will be greatly missed.

Thank you to all those who supported Adelaide Footy League umpiring this year and we look forward to doing it all again in hopefully more normal circumstances in 2021.

Colin Rowston
Umpires Director

FOOTBALL OPERATIONS REPORT

To say that it was a challenging year would be an understatement. To have the season thrown into chaos two weeks out from the start of the season due to the COVID-19 outbreaks presented many challenges and uncertainty as we weaved our way through the ever-changing landscape. Fortunately, albeit under very different conditions, we managed to get the season underway in mid-July and put together a shortened nine round season.

This was a great feat as many leagues and/or clubs around the country never managed to get any football in at all for the whole year and whilst there were extra responsibilities placed on us all to manage the risk of spreading the virus, our clubs and players were grateful to be able to get back to doing what we love. Only two of our clubs were unable to compete due to COVID-19.

Due to the restriction on spectator numbers at Thebarton Oval, Grand Finals were held at mainly SANFL Grounds with the Division 1 and 2 Grand Finals held at Norwood Oval. For the first time the matches were livestreamed by Dartfish to live viewing on the Big Screen along with an online audience of 21,000 and 11,000 consecutively from the coverage.

Despite the shortened season, there were a number of new innovations in the media coverage. All A Grade games in every division, approximately 320 games, were filmed with highlights packages often available online for viewing the same night.

The creation of the 'Between the Posts' online program hosted by Phil Herden, Tony Neal and Sean Jackson was viewed by over 50,000 viewers and helped to keep our supporters up-to-date with the latest issues facing the League.

The commencement of the livestreaming by Dartfish of the Division 1 Match of the Round each week, complete with commentary and live player and team stats, has helped to take the profile of the League to another level.

Women's football continued to grow with 43 senior teams, as well as 12 Under 18 Girls teams, totalling eight divisions of female football.

Many people deserve thanks, especially our umpires who provided their services at half pay to assist clubs financially and the many volunteers who took on the added responsibility of having to adhere to additional practises required by SA Health to prevent the spread of infection.

FAREWELL PRESIDENT, MARK JOHNSTONE

Written by Chief Executive Officer, John Kernahan.

I would imagine most people would not know who Mark Johnstone is or even who the President of The League was for the last eight years, but that is just the way he liked it. Indeed, Mark's mandate for the Board was to be seen and not heard and that actions spoke louder than words.

Mark assumed the role of President on the back of relatively unsteady time in 2013. That time included votes of no confidence against Board members by the General Committee and subsequent removals, legal action by one Board member to another, higher than acceptable staff turnover, a revolving door of appointed Executive members and any other that would have a casual observer be in total disbelief that on the surface, the then South Australian Amateur Football League solely represented metropolitan football in Adelaide.

Mark had been continuously involved with his own club, the Greenacres Football Club, as a player, committee member, fundraiser, Treasurer and President for 45 years. For the last 12 of those, he had also been involved with the League, initially as a Club Delegate, then a Board Member and for the last eight years as the President.

Given his humility if not realism, he would and quite rightly offer some relativity that he was simply part of an Executive Team of like-minded individuals who rallied together to have the Adelaide Footy League conduct itself in a manner consistent with its responsibility to the football community, many of whom are still present with the resultant Board, Management and staffing are almost exactly as you see them today with our staff.

He presided over and introduced a new Constitution, continually developed our already excellent Rules & Regulations, and have significantly improved on and off-field behaviour by introducing harsh penalties for those who try to spoil an otherwise great day out.

In his time, we have greatly increased our umpiring numbers, introduced videographers to all divisions and can boast a highly skilled and experienced group of people who sit on our tribunals.

Significantly and offering a legacy to the next generation of League Office Bearers, we secured a 42-year lease in what we anticipate to be a state of the art precinct at Thebarton, improved our working relationship with our council, partners and the SANFL, continuously negotiated better deals to minimise the financial impact on our clubs and, as one example of this, our sponsorship income is now five times what it was eight years ago.

Many of you would not be aware of the challenges this League has had in the last 10 years and nor is it your responsibility to give it a second thought, but I can sincerely state that under Mark Johnstone's Presidency, that he along with the current Board of management have placed the League in its strongest, most viable and financially secure position in its history.

Mark has done his time as President of the League and has done something we all strive for when we leave - being able to say the place is in a better condition than what he found it.

On behalf of the current Board, Staff and Life Members, we wish Mark well and say thanks.

The Club Championship Cup is awarded to the most successful Adelaide Footy League Club in terms of winning matches in all of its Divisions throughout the season and conducting its affairs in a manner befitting a Member Club of The League.

Teams are awarded five points for a win, three for a draw and two for a loss. Points are also deducted for Club penalties, including not attending compulsory League meetings. The total number of points is divided by the Club's number of teams to produce a final points average.

Well done to Lockleys FC!
