Oval Map

Instructions:

Please use the oval below to indicate the position of the **witness** (X) and the position of the **incident** (O). Ensure you also select which end of the oval is South and which end is North (see instructions to the left and right of oval below). To move the X or O squares – click your mouse pointer directly onto the X or O square, move your mouse slightly to the left until your pointer is located towards the left of the square or until a  appears.

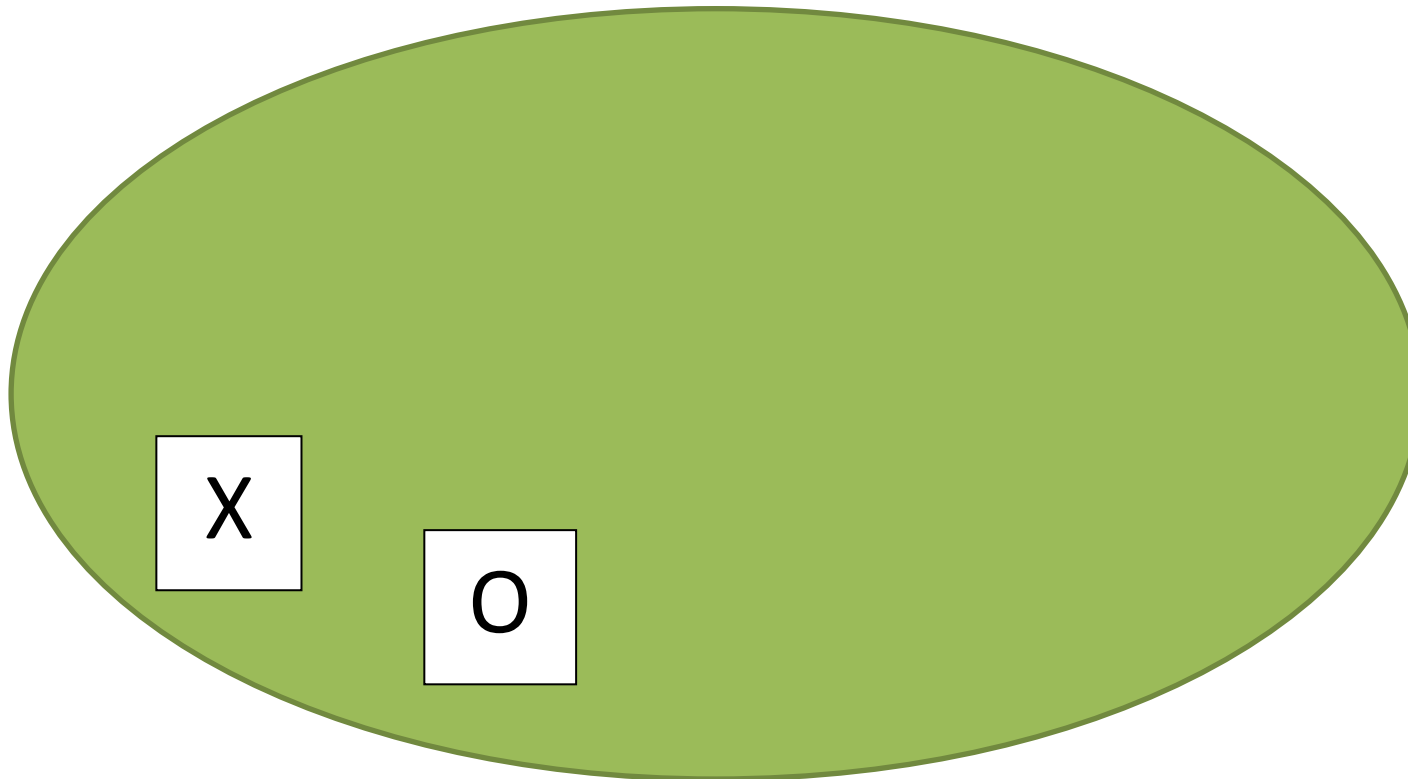

The boxes will display as follows:

Ensuring your mouse pointer has the  displayed, **CLICK** and drag the appropriate box to the correct location on the oval map.

Instructions:

Please indicate whether this is the Northern or Southern end of the oval by selecting either North or South in the drop down box below.

Instructions:

Please indicate whether this is the Northern or Southern end of the oval by selecting either North or South in the drop down box below.

Please describe incident in chronological order -
